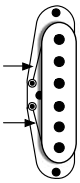
Lindy Fralin
PICKUPS

Hum-Single-Single Installation

Congratulations on purchasing a set of Lindy Fralin Pickups!
See below for typical HSS wiring configuration. A few notes on installation:

(1). Only use a soldering pencil when soldering. Large soldering “guns” can de-magnetize pickups.

(2.) Be careful of the lead wires when installing:



(3). If there’s any metal filings left on the coil or magnets, use tape to remove them.
